- NVIDIA GeForce GT 610 !
- Windows 8 compatible !
- 802.11n WiFi !

**Support:**  [Specifications \[EN\]](#)

Zotac has come up with something to overcome the current "Atom issue" (No Windows 8 support for the built-in graphics unit) : Zotac equips their new ZOTAC D2550-ITX WiFi Supreme Mainboard with a NVIDIA GeForce GT 610 graphics unit and this way even brings a big performance boost.

Experience a new generation of energy-efficient computing featuring a balance of CPU and GPU power with the ZOTAC D2550-ITX WiFi Supreme platform. Powered by the latest dual-core Intel® Atom™ D2550 processor paired with an NVIDIA® GeForce® GT 610 graphics processor, the ZOTAC D2550-ITX WiFi Supreme packs everything you need for a general-use desktop or home theatre PC into a compact mini-ITX form factor.

The NVIDIA® GeForce® GT 610 graphics processor enables the ZOTAC D2550-ITX WiFi Supreme to deliver superior video playback features including hardware video decode acceleration for Blu-ray 3D, streaming Internet video and native 1080p24 output. Onboard Gigabit Ethernet, 802.11n WiFi and Bluetooth 3.0 networking technologies on the ZOTAC D2550-ITX WiFi Supreme deliver outstanding network connectivity via wires or wireless to home network and peripherals.
